**5. Secretary’s Report:** The 4<sup>th</sup> CEC committee took over 2 years back with objectives in 3 parts, realized through its tenure 2022 - 2024:

A)Set up of multiple networks for real-time communication providing both way link amongst every member & the association by 1) Expansion of WhataApp group to cover everyone, though some left of their own, 2)Launching of CILREWA website (<https://cilrewa.in>) on 18 Sep 2024 during the AGM and 3)Additional dedicated e-mail ([cilrewa.website@gmail.com](mailto:cilrewa.website@gmail.com)), Facebook account etc

B) Set up guidelines for internal functioning and control, recorded in different CEC co-ordination meetings viz. 1)Opening of Asansol & Dhanbad branches of CILREWA with guidelines to function under CEC CILREWA control; 2) Setup of CILREWA website through outsourcing by HTSM Tech, Sector V, Saltlake, Kolkata 700091, 3) Enrolled about 160 new members retaining the initial membership fee of Rs 2500/-; 4)Identifying member concentrated zones to encourage & infuse local group-activities; 5)Set up of online Grievance Redress Cell for members & Event Management Cell for organising social programmes and promoting online magazine section inviting write ups from members and 6)Creation & running of a special fund to procure a permanent office for CILREWA.

C) Settlement of rational demands through meetings & negotiations with concerned authorities: i) CILREWA had 4 meetings with CIL on 14 Nov 22, 29 Jul 23, 02 Jan 24 & 05 Aug 24 and ii) CILREWA is having regular meetings with CMPFO Dhanbad through its' Dhanbad branch.

All these performances were carried out against inadequate resources viz profound monetary constraints, lack of any office accommodation to sit and work regularly, age factor average age +65 years, lack of volunteers/functionaries. Notwithstanding these weaknesses noteworthy achievements of CILREWA, applicable & beneficial to all retired were CIL executives not limited to its members' or a section thereof. Those are:

- i) Revision of Doctors' CF from CGHS rate 150/- to CGHS rate 350/-, and then to non CGHS rate 1200/- per visit;
- ii) Creation of centralised PRMB cell at CIL hq, a dedicated service centre for CIL ex-employees;
- iii) Grant of submission of medical bills both off line & online at the applicants' choice under CPRMSE;
- iv) Digitalisation of pensioners' data at CMPFO to facilitate issue of RPPO and gradual shifting towards direct on-line services replacing ongoing manual services by CMPFOs and
- v) Persuasion & follow up efforts at CIL subsidiaries and CMPFOs to enhance the rate of issue of flawless RPPO.

Issues continuing negotiation with CIL, as informed earlier, expecting positive outcome by the year end were

- i) Enhancement in annual OPD grant of Rs 36000/- ;
- ii) Enhancement in CPRMSE lifetime grant of Rs 2500000/- ;
- iii) Crediting interest due for delayed opening of CPRMSE Trust fund & transfer by CIL retaining the principle ad interim with CIL, enabling greater sustainability of fund to cater regular reimbursement as per rule.
- iv) Solicitation of continued monitoring cum intervention of CIL to make avail fault free RPPOs by all members promptly, overcoming delay at CIL subsidiaries as well as complications at CPFOs ends. Processing of RPPOs retirees from ex desk offices of CIL subsidiaries in Kolkata was also requested to be dealt at par with others.

During the last two years CILREWA held:

- i)  $8+6=14$  no CEC meetings on record, no of group meetings, 2 annual get together cum picnic & one cultural programmes one each in 2023
- ii) Life certificate camps:  $28+24= 52$  no, for CMPF FP/pensioners & CPRMSE beneficiaries, numbering  $360+404=764$  CIL retired executives and their spouses, some of whom were non CILREWA-members.

Forefront negotiations with top management CIL at its' HQ existing in proximity, by the 3 CILREWA committee heads, Mentor Sri N C Jha, Advisor Sri A K Debnath & President Sri T K Nag and their superb leadership are predominantly behind the success of CILREWA, for which Secretary expressed deep gratefulness to them. He sincerely thanked Sri U Bhowmik, Sri P Chakroborty CECMs, all the active CECMs/other members for their background contributions, all general members & the well-wishers for their un-stint support to march ahead.

Secretary expressed his regret for not being able to make any progress in CMPF pension revision by persuading to make this as a prioritised issue. He called upon the members to unitedly come forward & register pension revision as an issue of priority to be dealt by CILREWA, if they wish, the association is to function as per mass demand.

He recounted on various aspects of CMPF corpus inflation ie adequate funding by means such as a) 7%<sup>x2</sup> additional pension fund contribution shared by employee & employer, b) 10/- CMPS levy on sale of coal, c) further 5/- levy awaiting MoC vetting, d) Increasing CMPS levy amount with growing sale of coal due to rise in production, e) Scope of increasing the meagre grant of Central Govt on CMPF pension consequent upon change in CG pension scheme to betterment by CG from OPS to NPS & now to UPS due from 2025 where CG contribution is elevated to 17.5%.

Disbursement deflation or reduction in expenses spontaneously/by adopting means such as a) with natural decrease in no of pensioners/FPs and squeezing manpower in CIL the incoming fund may surpass the disbursing amount later; b) due to complete digitisation of records at CMPFOs, administrative expenses would definitely come down translating to reduction in no of CMPFOs & manpower in due course and c) prudential deployment of CMPF fund preferably by appointing a qualified and experienced fund manager or by artificial intelligence.

CMPF members have enough scope of revision in pension rationally, legally and logically CMPS 1998 a contributory scheme with defined benefit. Notwithstanding having a provision of revision every 3 years, it has not undergone one in last 26 years. Consequently, justified demands can be a) Fixation of minimum pension substantially; b) Linking revision of pension periodically with increase in CPI and c) Review every three years d) Calculation of basic pension @ 50% instead of present 25%, fixing an upper limit.

Further in line with one of Association's social objectives i.e, to encourage and arrange family group tours/excursions, a travelling agent interested to offer such & allied services was given an opportunity to make their presentation on the subject which they did. Interested members/groups, if find suitable may avail their services.

Secretary thanked all the members present physically plus on line & conveyed sincere wishes to all of them.

Secretary, CILREWA also placed the minutes of AGM of Asansol and Dhanbad Branch, before the House.
