

## Very Important and URGENT Information for the members of CILREWA

A. During **initial stages of issuance of MEDICAL CARD**, in some cases details of PAN Card and Aadhar Card are either not collected or recorded properly by CIL. Members are requested to check the recorded data with CIL for registering PAN Card & Aadhar Card immediately. Otherwise in case of hospitalization, if required on urgent basis, clearance from CIL (as per present ERP system) for cashless treatment shall not be issued.

B. CIL is collecting data for issuance of PVC Medical Card (often we call it as Smart Card) from the persons, receiving medical benefits from CIL, whose Medical Card number is 3735 and above. CIL has informed to submit the following information through the E-mail ID- **cilexemcard.prb@coalindia.in** :

### Quote

1. Copies of following documents for self and spouse separately (as the case may be)
  - (a) PAN CARD
  - (b) AADHAR CARD
  - (c) Passport size photographs (JPG format)
  - (d) CPRMSE medical card – existing
2. Mobile Number for self and spouse separately (as the case may be)
3. In the subject line of email please mention the **CPRMSE CARD NUMBER positively**. ^

Unquote

**^ These details are to be sent with a heading Subject: CPRMSE Card No. CIL/xxxx**

C. Executives, drawing medical benefits from CIL, whose Medical Card numbers are less than 3735 and have not received PVC Medical Card (often call it as Smart Card) may collect their respective card from PRB Cell of CIL.

NOTE: In view of the contents of Paragraph A of the information, asking retired executives whose CPRMSE Membership Number is limited to 3735 and above to submit Aadhar, Pan etc. details, appears to be a little confusing. CILREWA is engaged with PRB Cell for further clarifications. Meanwhile all members are requested to check at their level whether the requisite data have already been seeded in their CPRMSE profile.

On receiving clarification, the same will be immediately notified in the Website. Keep watching from time to time for updates.
